BSCS

Bachelor of Science in Computer Science

Introduction to Computer Science

The PGI's CS department offers a comprehensive curriculum in IT, covering software, hardware, algorithms, programming, databases, networks, AI, big data, virtual reality, blockchain, and information security. We collaborate with local and foreign IT companies and provide job opportunities for BSCS graduates. Additional qualifications can be gained through short courses like Microsoft Office Specialist.

FACULTY OF COMPUTER SCIENCE

Dr. Woosaeng Kim
Professor
Computer Science

Dr. Jieun Bae
Associate Professor
Computer Engineering

Dr. Sang Jin Han
Associate Professor
Computer Engineering

Dr. Seokjin Sung
Assistant Professor
Information & Communication

BBA

Bachelor of Business Administration

Introduction To Business Management

Our BBA program focuses on managerial discipline and equips students to compete effectively in the global business environment. We emphasize dynamic decision-making in a globalized and information-driven era. The curriculum covers business communication, management skills, global marketing, trade, and economics, giving graduates a competitive edge in their chosen global market.
